The Mail for the Eastern and Southern Cities close at 4 P. M. and for Way Offices at 5 O'clock, P. M.

S. R. ANDERSON, P. M.

THURSDAY MORNING, NOV. 22.

RIVER AND STEAMBOAT NEWS.

The River was still running yesterday, and there are now only about four feet on Harpeth Shoals.

ARRIVED.—*Sallie West*, from St. Louis, and the *Skylark*, from Galveston, arrived yesterday.

DARTED.—The *J. G. Cline*, for Memphis, and the *City of Cairo*, for Cincinnati, left yesterday.

TO LEAVE.—The following boats are advertised to leave to-day: The *Sallie West*, for St. Louis, the *Alida*, for Paducah, the *Monticello*, for Wainsboro.

TO ARRIVE.—The *Dr. Robertson* and the *Hartville*, from the *America*, will be in port to-day. The *John Simpson*, from Memphis, will arrive this evening. Other boats are also expected.

FOR ST. LOUIS.—The flat-steamer *Sallie West* is the boat for St. Louis to-day, and all intermediate points. Capt. CURRITT, favorite in the trade, is in command, and those who go with him are sure to "come again." The ledger is in charge of our good looking friend, Capt. JENKINS. Be aboard at 10 o'clock this morning.

WABASH RIVER.—The St. Louis papers of the 17 last report the Mississippi as falling slowly at that point, with nine feet in the channel to Cairo. The Illinois and Missouri are reported in good boating order.

LATE PAPERS.—We are indebted to the *Sallie West* for late St. Louis papers, and to the *America* for New Orleans papers.

The Concert.

The Orphans of the Protestant Alum, benefit as they are, appeal less to the charitable sympathies of their friends and the public, than to the administration. The general beauty, refinement and intelligence, fill the minds of visitors with the most pleasing emotions. So is the energy which manifested itself in patronizing the concert given for their benefit, in a quality which will, indeed, be twice blessed, of sing the giver and the recipients.

M.

COMMERCIAL MATTERS.

COTTON.—Our reports from the different markets represent cotton as in rather a drooping condition during the past two weeks, and prices have barely been sustained. This is the result of a want of activity in the foreign markets. The receipts during this time have also fallen somewhat below those of the corresponding period of last year, notwithstanding which, however, the crop of 1855 is much larger than that of 1854.

WEEKLY REVIEW OF NASHVILLE MARKETS.

TRUE WHIG OFFICE,
NASHVILLE, November 22, 1855.

The River has continued to recede since our last review, and there are now not more than four feet on Harpeth Shoals. There were pretty strong indications of rain yesterday morning, and there was a very light fall, but the weather became colder, and the prospect for rain was some what doubtful in the afternoon.

Business has been tolerably brisk during the week, and classes quite active, though transactions in the various departments of trade have not been as extensive as was anticipated. This is attributable partly to the uncertain stage of the river, merchants on the upper Cumberland fearing that they could not make the trip down and up again upon the present tide, while most of the planters who make their purchases and dispose of their cotton in this market, have kept away by the labor of getting in their wheat.

Land warrants have declined about two cents per cent., since our last review. A corresponding decline is also reported in the Washington and New York markets.

COTTON.—There is very little doing in cotton, the receipts being extremely light. This is attributable to two causes—the planters are busily engaged in plowing in their wheat, and some are perhaps holding back for better prices. We quote \$4.40 per bushel, or 44¢ per bushel.

COAL.—Cumberland declined during the past week to 15¢. We still quote Somers at 18¢.20.

DRUGS.—We notice and advance in Quinine, which is now selling at \$4 per ounce. Castor Oil has advanced \$1.60 to 70 per gallon.

FEATHERS.—Have declined during the past week to 33¢.50.

FLOUR.—The receipts continue light and although we hear of a few sales of extra family above our quotations of last week, we do not feel at liberty to alter them.

GRAIN.—There is an active demand for wheat at \$1.40 a bushel, which is an advance on last week's price. We heard of a sale on Tuesday at \$1.48 for which there was a spirited competition. The bulk of the sales have been made at \$1.40, and we think that \$1.45 is as high a figure as a superior article will now command.

We bear of sales of new corn at 40¢ per sack, included, for immediate delivery. The offerings for future delivery do not exceed 30¢.

GROCERIES.—The stocks are still ample, and there is a good deal of activity in this department, at previous quotations.

SEEDS.—There is very little clover in market, and that is held at \$9 per bushel with an upward tendency. The short crop this season will cause clover to rule high. Flax is in good demand at our quotations.

TOBACCO.—There is very little doing in tobacco, and we quote \$3.60 as the ruling figures at present.

We refer to our Price Current as affording a fair criterion of the market.

Land for Sale.

I OFFER for sale (100) SEVEN HUNDRED ACRES OF LAND IN THE COUNTRYSIDE, situated in the State of Tennessee, and bounded by Mt. Pleasant, and the part of the tract on Mt. Pleasant.

This land is equal if not superior to any in Many county, and is well adapted for cultivation, and from Mt. Pleasant, on the part offered for sale) well timbered and well improved.

There are on the premises some beautiful building sites, mounting the hills, and the contemplated Rail Road, it will be a great convenience to the owner.

For further information apply to me at Ashwood P. Office, Maury County, Tennessee.

EDWARD J. POLE,
Ashwood Union and Louisville Papers, please copy.

WANTED—I wish to purchase FIFTY LAND WARANTs, for which I will pay the highest market price.

E. A. RALLOW,
Genl. Agent No. 27, Nashville, Tenn.
